Meet the App: Boma Career Day — WG2 Hub

One app for everything the team needs to run Career Day. Here's what it does for you.

Self-serve registration

Mentors and parents/students register themselves right in the app — no paperwork. Mentors can also register as In-person, Live virtual, or Pre-recorded.

Digital tickets & QR check-in

Every registered student and mentor gets a ticket with a QR code showing exactly where and when they're needed — mentorship rounds, lab sessions, exhibition tours, or (for mentors) their shift.

Careers & Clusters Guide

A searchable, in-app guide to all 23 clusters and every career under them, including a downloadable PDF version — handy for answering student questions on the spot.

WG2 contact, always on hand

Every ticket carries WG2's official phone/WhatsApp, email and social handles, so students, parents and mentors always know how to reach us.

Team coordination built in

A team-wide chat, your own Zone group, direct messages, and a Help & Feedback button to flag anything that needs attention.

Live room & schedule info

Room Assignments and the Session Schedule are always current in the app — no need to track a separate printed sheet.

How to Use It

1

Open the app

cizarina.github.io/bomacareerday — bookmark it or add it to your home screen.

2

Sign in

Full name + your 4-digit PIN. No PIN yet? Ask a Lead or Assistant Lead.

3

Find your section

Everything is one tap from the home screen — see screens below.

4

Something looks broken?

Fully close and reopen the app twice. It updates itself automatically.

Help & Feedback

Report a bug or ask a question

Tip: the Privacy Policy is available from the sign-in screen and every registration form — worth a quick look yourself so you can speak to it if a parent or mentor asks what happens to their data.

What You're Actually Being Asked To Do

Split by who's reading this.

For Interns

- You can **bulk-import mentor sign-ups** collected outside the app (spreadsheet, WhatsApp, paper) straight into the system: Dashboard → Mentor Applications → Bulk Import Mentors. Paste a table or upload the file, and every mentor is created and confirmed in one go.
- You have access to the **Leads & Interns** chat channel in-app — use it for anything you need routed quickly.

For the Rest of the Team (Mentors, Cluster & Zone Coordinators, everyone else)

- **Share the app's registration links** with anyone who wants to sign up — Mentor Registration and Parent/Student Registration are both big buttons right on the landing page.
- **Check-in on the day:** Cluster Sub-Leads scan each student's/mentor's QR code at the room door.
- **Room E3 (The Arts)** covers a wide range of careers, including Film and Music industry roles alongside the original design/performing arts offerings — worth knowing if you're near that zone.
- **Use the in-app Careers & Clusters Guide** to answer "which room is X in?" on the spot — searchable, and both PDFs are downloadable from the same screen.

Session Schedule — All Cohorts at a Glance

Saturday, 29 August 2026 · Programme runs 10:45–16:00 (venue open 07:00–17:30)

GRADE 10 — A	LAB SESSION I	EXHIBITION TOUR	LUNCH		MENTORSHIP BLOCK (Rounds 1–3)		Optional Round 4* EXHIBITION	LAB SESSION II
GRADE 10 — B	LAB SESSION I	EXHIBITION TOUR	LUNCH		LAB SESSION II	Optional Round 4* EXHIBITION	MENTORSHIP BLOCK (Rounds 1–3)	

 Mentorship (3 rounds, 30 min each incl. changeover)
  Lab Session (1 hour)
  Exhibition Tour
  Lunch

*Optional Round 4 only applies to a girl who pre-arranged an extra mentorship visit in advance — everyone else does the Exhibition Tour in that slot, not both.

Only one cohort mentors at a time — the other two run Lab sessions concurrently in a separate space. Everyone finishes their last block by 16:00.

Still Pending

Not blocking anything for the day itself, but worth knowing about.
